These are a few companies I would suggest you contact for more information, service areas, schedules and rates. As a general rule, they require 100 - 150 cubic ft. of freight. (For better clarification, call our office at 1-800-226-4079.) This can be "pooled" from several nurseries in Florida for same day delivery to you. We will be glad to schedule the pick-up for you. Please call if we can be of further assistance.

Sincerely,

Customer Service Team – Austin Bryant, Christina Bryant, and Deanna Bryant
